

CHARTER TOWNSHIP OF ALPENA MESSAGE REGARDING LATEST UTILITY BILLS:

The Charter Township of Alpena's latest utility bills (water and sewer) were mistakenly calculated by the Township's utility billing software vendor using an estimate of three months of usage, rather than the appropriate period of one month of usage.

The bills will be corrected and recalculated on a one month basis, thereby lowering the amount due. Customers should disregard the current bill and will be given a corrected replacement bill.

Please contact the Township offices at 989-356-0297 Monday-Friday from 8-4:30 with any questions. The Charter Township of Alpena apologizes for this error and appreciates its customers' understanding and patience.
